Additional Information

- Our guidelines are aligned with the Gallatin Waste Management District. Clam Shell plastics are not accepted for recycling in Gallatin County..
- All glass collected in Montana is shipped to Momentum Recycling in Salt Lake City, Utah and made into various materials such as fiberglass.
- Rinsing materials can help keep wildlife from getting into your containers.
- We have many resources available for recycling items that cannot be recycled in the curbside stream, give us a call if you have questions!
